QUARTERLY COMMENT

The quarterly comment of Eesti Pank provides a prompt and concise opinion of the most relevant issues of economy and banking policy. The opinion is presented at a press conference and it is available also on the bank's web site.

PUBLICATIONS

Annual Report

The Annual Report includes an annual analysis of the monetary and economic policy environment, a survey of changes taking place in the financial and non-financial sector and the central bank over the year, an analysis of international cooperation, Annual Accounts of the central bank, etc.

Monetary Policy Survey

The survey is a periodical publication of Eesti Pank, analysing changes in Estonia's financial and non-financial sector.

Financial Stability Review

The review is a periodical publication of Eesti Pank, analysing various aspects of financial stability. The first issue of the review was published in 2003.

Estonian Balance of Payments Yearbook¹

The yearbook provides a survey of Estonia's foreign economic activities, including the international investment position and the external debt of the country. It contains a lot of statistical data. The preliminary balances of payments for each quarter are published separately; monthly balances of payments are published on the web site only.

Quarterly Kroon & Economy

Kroon & Economy is published on a quarterly basis. It includes surveys and analyses on topical economic issues, comments, translated articles, a chronicle of economic events, and legislation, statistics, etc.

Working Papers of Eesti Pank

Each Working Paper is a short summary of a particular economic study. It is published in Estonian (*Eesti Panga toimetised*) or in English. In 2003 the following Working Papers were published:

No 1 – Marit Rõõm. Reservation Wages in Estonia.

No 2 – Tea Danilov. *Välisarengute ülekandumine ja majandustsüklite sünkroonsus Eesti ja Euroopa Liidu vahel* (Transmission of External Development and Synchronism of Economic Cycles Between Estonia and the European Union).
