

# EESTI PANK'S REGULAR PUBLICATIONS

## **EESTI PANK WEB SITE [HTTP://WWW.EE/EPBE/](http://www.ee/epbe/)**

Information on **Eesti Pank** (strategic development plan, governing bodies, commented financial reports etc), as well as on **Estonian banking system** (including comparative tables by commercial banks based on banks' public reports).

The web site also displays previous and current **normative documents on banking**, information on **Estonian coins and banknotes** (including guidelines for collectors), **publications of Eesti Pank**, **documents characterising Estonian monetary policy**, **articles and speeches**, **comprehensive banking and other macroeconomic statistics** (most of which is not available in publications), **daily exchange rates of currencies**, information on the **European Union** and single currency **euro**, **chronicle of financial and monetary policy events**, **central bank's comments** and **answers to acute questions**, **significant links** etc. The web site also contains **interactive questions and answers** together with the possibility to approach directly a professional engaged in the respective field with one's problem.

## **QUARTERLY SURVEYS OF ESTONIAN AND WORLD ECONOMY**

In the comment appended to the survey Eesti Pank provides a prompt and concise opinion relating to the most relevant issues of economy and banking policy. The survey is presented at a press conference and it is available at the bank's web site.

## **PUBLICATIONS BY EESTI PANK**

### **Annual Report**

The publication includes the monetary and economic policy environment analysis for a particular calendar year, a survey of changes taking place in the real economy, financial sector and central bank over the year, analysis of the international co-operation, financial statements of the central bank, etc.

### **Monetary Developments and Policy Survey (MDPS)**

This is a central periodical publication of Eesti Pank, analysing changes in Estonia's real economy and financial sector based on an established system. Monetary Developments and Policy Survey has the largest circulation among economic periodicals in English published in Estonia. MDPS expands the topics of the economic quarterly surveys by an extensive analysis.

### **Estonian Balance of Payments Yearbook<sup>1</sup>**

It provides a survey of Estonia's foreign economic activity, including the international investment position and foreign debt of the country. It contains much statistical data.

### **Estonian Balance of Payments**

Survey of Estonia's foreign economic activity by quarters.

---

<sup>1</sup> The Balance of Payments Yearbook will be published in August when final data on 2001 is complete.

**Eesti Pank Bulletin**

The publication includes chronicle of the most important monetary and economic policy events, comprehensive statistics, publications on issues related to the European Union, European Economic and Monetary Union, single economic research, news on coins and banknotes and other information.

**Working Papers of Eesti Pank**

Each working paper is a short summary of a particular economic research.

**Selected Statistics**

It contains statistical data of banking and real economy. Upon request, the pdf-version of the selected statistics is sent by e-mail.

**Newsletter**

In the Newsletter the central bank quarterly publishes Estonia's preliminary balance of payments and comments to the international investment position.

All Eesti Pank's periodicals are published in Estonian and English, except the Working Papers that are, as a rule, published in their original language in which the summary of a research is prepared.

**ACCESS TO SINGLE INFORMATION**

Eesti Pank's **information telephone**: + 372 6680 719;

**e-mail address**: info@epbe.ee;
